

NHFA GENERAL INFORMATION

Here is information to help you organize your team for the NHFA Tournament. We look forward to having your team participate in this year's tournament which is held in Panama City Beach, Florida.

The per person charge is \$120 (\$600 max per family) which includes housing in hotel rooms, cottages and houses for Wednesday, Thursday, Friday and Saturday night at Laguna Beach Christian Resort (LBCR). It also includes hot breakfast on Thursday, Friday and Saturday morning. Please do not call LBCR to reserve rooms as they will only refer you to contact our office. We expect to fill up all housing options so reserve early in order to take advantage of this offer.

We recommend you have a "team representative". Instead of having all your people call and do things individually, the team rep will be the person to handle questions, handle reservations for rooms, collect money and be coordinator between your team and NHFA. have most or all the info for your team. They can call or email questions and then distribute that info to your families. They should also collect money and track who is coming, etc. You pay us with one or two checks from your team versus each family paying us. We know you won't have a final count until you actually get to Panama City Beach in November.

Teams will usually stay together in one of the dorms at LBCR with two or more coaches/dads/chaperones. Each team has access to a fully equipped commercial kitchen (larger than regular kitchens at home) that has a dining room/meeting room attached. This allows you to have a place to prepare any meals (lunch/dinner/snacks) for your team in lieu of going out to eat at restaurants. Families can come and stay at LBCR as well. These families should help in preparing meals or helping out with the team. Some hotel rooms/suites have small kitchens/kitchenettes. There is free Wifi on campus.

However, you have to bring your own sheets, pillows, blankets and towels.

All room reservations go through our office not through LBCR. Your families can come at various times (they can come days early and stay a few days after for an additional charge). They can pick up the keys to their room when they arrive.
